Industry & Higher Education. Index to Volumes 1 and 2

September and December 1987; March, June, September and December 1988

Articles – titles

The British Technology Group: leading the way forward, *Peter Tanner*, **2**, 4, 233–238

Campus-linked incubator centre developments, *J.A. Watson*, **1**, 1, 20–26

The Center for Advanced Food Technology: a model for industry–university–government collaboration, *Robert B. Leslie, Jack L. Rossen and Myron Solberg*, **2**, 4, 223–232

The COMETT programme: working for cooperation, *Peter Sutherland*, **2**, 3, 165–168

Continuing education in China: modernizing the nation, *X.H. Zhang*, **2**, 2, 98–100

Creating Biocompatibles Limited, *Dennis Chapman*, **2**, 4, 244–247

DELTA applies IT to education and training in Europe, *Martin Lam*, **1**, 2, 98–102

DELTA: EEC initiatives in distance learning, *Peter A. Walker*, **2**, 1, 29–42

The deployment of new graduates in the UK, *Jason Tarsh*, **1**, 2, 117–134

The development of industry and higher education in developing countries, *X.H. Zhang*, **1**, 1, 52–54

Distance learning MBAs: issues and opportunities, *Gloria L. Lee*, **2**, 1, 43–49

The Glasgow College/Scomagg Limited Teaching Company Scheme, *Bob Cole and Bill Jack*, **2**, 3, 178–181

Graduates into enterprise: a strategy for introducing undergraduates into small firms, *Laing Barden*, **1**, 1, 41–46

HE–industry collaboration in the EEC, *F. Keith Sellar*, **2**, 1, 9–19

An idea to the marketplace: the case of machine shorthand transcription, *Alan F. Newell*, **2**, 1, 25–28

Incorporating technology into new products, *John P. Klus and Rolf Killingstad*, **2**, 4, 239–243

Incubators and higher education: any congruity?, *Donald D. Myers and Mary Seyer Koen*, **2**, 3, 155–164

Industrial collaboration in the UK non-university sector, *J.A. Wylie and A. Young*, **1**, 2, 109–116

Industry and higher education under Gorbachev: on the move again, *Julian Cooper*, **2**, 4, 217–222

Intellectual property rights and the transfer of technology from university to industry, *K.A. Comerford*, **1**, 1, 47–51

Management of education in industry, *Jean Charlent*, **1**, 2, 103–108

Marketing academic technology: the University of Manchester experience, *E.J. Duff*, **2**, 2, 101–108

Planning for lifelong education: cooperation between industry and education in continuing education, *William A. Weimer*, **2**, 2, 91–97

Research collaboration in Singapore: promoting growth in a newly industrializing country, *C.C. Hang*, **2**, 3, 169–173

Setting up academic spin-out companies: the role of venture capital, *Dennys Watson*, **2**, 1, 20–24

The T-disc oil skimmer, *E.J. Duff*, **2**, 3, 174–177

The televersity: the university of the future, *Thomas L. Martin, Jr*, **1**, 2, 91–97

University/industry relations and technology transfer in the European Community, *F.T. Mattison*, **1**, 1, 27–40

Updating courses for industry: the Open University approach, *G.E. Harland, J. Hughes and G. Martin*, **2**, 2, 109–114

The US Business–Higher Education Forum: reviewing the experiment, *David Pierpont Gardner*, **2**, 2, 85–90

Zhang, X.H., The development of industry and higher education in developing countries, **1**, 1, 52–54

Editorials

The complete partnership, *Joseph M. Marchello*, **2**, 4, 202–203

Continuing professional education, *Tage Frisk*, **2**, 1, 2–3

An end to isolation, *John Kelly*, **1**, 1, 2–3

Europe works: the European University–Industry Forum, *Andris Barblan*, **2**, 3, 138–139

Learning a common language *James Prior*, **1**, 1, 4–5

New partnerships in a shrinking world, *Lionel, V. Baldwin*, **1**, 1, 6–7

Opportunities for liaison in Europe beyond 1992, *Peter Sutherland*, **2**, 2, 70–71

Professionalizing technology transfer, *Guido Declercq*, **1**, 2, 82–83

Viewpoints

The age of enlightenment: exploiting the expertise of HEIs, *S.L. Bragg*, **2**, 2, 76–79

Common ground: lessons for building industry–university alliances, *Don M. Blandin*, **2**, 4, 204–206

Cooperating with public research: the view of Elf Aquitaine, *Claude Jablon*, **1**, 2, 87–90

Educational opportunities for industry: an alternative through telecommunications, *Richard England*, **1**, 2, 84–86

Education and competitiveness: personal and corporate investment, *Kari Kairamo*, **2**, 3, 140–143

Exploiting university research: the scope of an intellectual property portfolio, *E.J. Duff*, **2**, 4, 212–215

Fewer words and more action, *Roger D. Handscombe*, **2**, 1, 7–8

Finding its proper pattern: the expansion of UK higher education, *Ralf Dahrendorf*, **2**, 2, 72–75

IHE links: the need for institution specific approaches, *N.S. Segal*, **1**, 1, 14–19

Leadership in innovation: exploiting the global market, *David Millhouse*, **2**, 1, 4–6

Management education: a proposal for engineers and technologists, *Ray Wild*, **2**, 4, 207–211

In partnership for profit: academic intentions and opportunities, *Richard Mawditt*, **2**, 2, 80–84

Part of company policy: BP's view of higher education, *Robert Malpas*, **2**, 3, 144–148

The turning point in industry–higher education collaboration, *Graham Hills*, **1**, 1, 8–9

Universities must manage to survive, *D.B. Thomas*, **2**, 3, 149–153

University industry development, *Joseph M. Marchello*, **1**, 1, 10–13

US corporate funding for HE, (letter to the editor), *Paul R. Miller, Jr*, **2**, 4, 255–256

Reports/Conference reports

AILO – a phoenix arisen, *P.J. Ellis*, **1**, 2, 143–145

Applied sciences continuing education at Simon Fraser, *Donald A. George*, **1**, 2, 141–143

ASTEL: The Aston/Tetford small business development programme, *John Bailey*, **2**, 1, 55

Audiovisual services at Loughborough, *Andrew Wilson*, **2**, 2, 121–122

The CAE Centre at Wolverhampton Polytechnic, *N.E. Gough*, **2**, 1, 53

Carnegie Symposium on Science, Government and the Economy, University of California, San Diego, USA, 29–30 March 1988, *William A. Blanpied*, **2**, 3, 185–187

COMETT: a network for Europe, *Pat Frain*, **1**, 1, 55–56

Conference on How to Internationalize Technology Transfer, Seventh International Annual Conference of the International Association of Consultants in Higher Education Institutions, Twente, The Netherlands, 1–3 July 1987, *George F. Reynolds*, **1**, 2, 145–147

Cooperation between engineering schools and industry in the FEANI member countries, *Niels Krebs Ovesen*, **1**, 1, 62–66

Cooperative engineering education at LIT, *Robert W. Ellis and George Schneider*, **2**, 1, 50–51

The early bird catches knowledge, *Kenneth E. Haughton and Cary Y. Yang*, **1**, 1, 56–58

ESA Olympus provides distance learning in Europe, *Jon Chaplin*, **2**, 1, 54–55

European Symposium on Training in Innovation Management, Paris, 14–15 April 1988, *E.J. Duff*, **2**, 3, 187–188

Governing intellectual property, *C.S. Richenberg*, **2**, 4, 251–252

Higher Education at the Crossroads, Paris, France, 5–7 September 1988, *John Kelly*, **2**, 4, 254–255

Industrial Liaison Executives propose to mobilize EC scientific resources, *F. Keith Sellar*, **2**, 4, 248–250

Industry and Higher Education: Partners for Profit, organized by the University Innovation Centre, Swansea, UK, 9 October 1987, *Sidney F. Brailsford*, **2**, 1, 55–56

Modernizing China for the intellectuals, *X.H. Zhang*, **2**, 3, 182–183

MSC enterprise in higher education, *Anne Jones*, **2**, 2, 117–119

Oxford's industrial partnership, *June Clark*, **2**, 2, 119–121

The Pegasus programme at Portsmouth Polytechnic, *Peter Findlay, Carole Martin and Steve Smith*, **1**, 1, 67–69

The Queensland Centre for the Development of Entrepreneurs, *Noel Lindsay*, **2**, 2, 115–117

The Reading University–industry link, *A.K. Giles*, **2**, 4, 253–254

Science parks as an instrument for industry and university technology transfer, *D.N.E. Rowe*, **1**, 1, 58–61

Sheffields's Institute for Information Technology, *J.J. Wellington*, **2**, 1, 51–52

The Strathclyde Institute, **2**, 3, 183–185

Target, *Roger Petts*, **1**, 2, 139–141

TEPCO's educational institute, *Nobuyuki Shoji*, **1**, 2, 137–139

US university–industry partnerships in high-temperature superconductivity, *C.E. Delmar*, **2**, 4, 250–251

Virginia Center for World Trade, *Joseph M. Marchello*, **1**, 2, 135–137

Book reviews

British Higher Education edited by Tony Becher (reviewed by Jason Tarsh), 2, **4**, 259–260

A Degree of Privacy: The Future of Higher Education by Eamonn Butler (reviewed by Trevor Smith), **2**, 1, 57–58

Distance Education in Sweden and Denmark by Bill Jones (reviewed by Mogens Jensen), **2**, 3, 191–192

Education and the World of Work: Positive Partnerships edited by Peter Linklater (reviewed by Jason Tarsh), **1**, 2, 150–151

European Industrial Policy edited by Graham Hall (reviewed by Dennys Watson), **2**, 1, 58–59

Higher Education in Partnership with Industry by David R. Powers, Mary F. Powers, Frederick Betz and Carol B. Aslanian (reviewed by Joseph M. Marchello), **2**, 4, 257–258

Innovation, Entrepreneurs and Regional Development by G.P. Sweeney (reviewed by Wendy Faulkner), **2**, 1, 60–61

The Making of Managers: A Report on Management Education, Training and Development in the USA, West Germany, France, Japan and the UK (reviewed by Trevor Williams), **2**, 2, 122–123

Multinationals, Governments and International Technology Transfer edited by A.E. Safarian and Gilles Y. Bertin (reviewed by John Klus), **2**, 2, 123–124

The New Business Incubator by Raymond W. Smilor and Michael D. Gill Jr (reviewed by John Kelly), **1**, 1, 69–71

Pickup in Universities, Proceedings of the First National PICKUP in Universities Conference, held at the University of Sheffield, 20–21 November 1986 (reviewed by Carol Pearce), **2**, 3, 190–191

Science Parks and the Growth of High-Technology Firms by C.S.P. Monck, R.B. Porter, P.R. Quintas and D.J. Storey with P. Wynarczyk (reviewed by N.S. Segal), **2**, 4, 256–257

Science Parks and the Growth of Technology-based Enterprises edited by Hilary Sunman (reviewed by N.S. Segal), **2**, 1, 59–60

Towards a Partnership: Higher Education–Government–Industry by the Council for Industry and Higher Education (reviewed by Peter Brackley), **1**, 2, 149–150

The Training Needs of Staff in the Community's Higher Education Sector engaged in Cooperation with Industry report by the European Research Associates for the Commission of the European Communities under the COMETT programme (reviewed by Dennys Watson), **2**, 3, 189–190

Universities, Enterprise and Local Economic Development: An Exploration of Links by Segal, Quince, Wicksteed (reviewed by David R. Charles), **2**, 4, 258–259

Universities in Crisis: A Mediaeval Institution in the Twenty-First Century edited by William A. W. Neilson and Chad Gaffield (reviewed by Joseph M. Marchello), **1**, 2, 148–149

University/Industrial Research Benefits and Prospects: The Case of UWIST by Jean Currie (reviewed by F. Keith Sellar), **1**, 1, 71
